## Why Hanks?

Hollywood elites Steven Spielberg and Tom Hanks have both been accused of pedophilia by actor Isaac Kappy during a bombshell video exposé.T

aking to Periscope, Kappy accuses Spielberg and Hanks, along with other influential figures, of sexual crimes against children, cannibalism, and other “sickening” rituals involving minors.

During his 48-minute video statement, Kappy describes the culture of child sex abuse as “the Hollywood sickness,” saying: “At the top level, these people are just sick and psycho.

“This is what’s sad about this.”A lot of people are born into it.”Isaac Kappy, who starred in blockbuster movies Terminator Salvation and Thor, streamed the live video confession over Periscope (Twitter’s version of Facebook Live) in which he named and shamed several A-list stars and movie industry big-wigs.

The video has since appeared on YouTube where it’s now starting to go viral.

Unloading the weight of the information, Kappy blew the whistle on the live streaming platform, skipping from celebrity to celebrity, and dropping A-list names including Michael Jackson, Tom Hanks, and Steven Spielberg.

According to industry insider Kappy, when the truth gets out, they will all be remembered by future generations as notorious child abusers on par with Jimmy Savile, the notorious British child killer with ties to the Royal Family.

Isaac Kappy has blow the whistle on A-list Hollywood elites

These bombshell claims by Kappy have emerged just one week after Sarah Ruth Ashcraft took to Twitter accusing Tom Hanks of raping her when she was just 13-years-old. According to Ashcraft, she was sold to Hanks by her father for sex.

Sarah Ruth Ashcraft recently accused Tom Hanks of raping her as a child

Kappy made a series of revelations during his live video, also accusing major Hollywood figures of “cannibalism.

”Kappy also claimed to have information that members of the powerful Rothschild banking dynasty also partake in rituals that involve eating human flesh.

Accusations of pedophilia and cannibalism have also been made towards high-level players in the mainstream news media.

According to Kappy, Mark Thompson, “who runs the New York Times,” and “ran the BBC for years” is also involved in these disturbing practices and is complicit in covering up the crimes of elite child abusers in the entertainment industry.

Growing up in Los Angeles, Kappy says he first became aware of Hollywood’s underbelly when he realized he was “in the middle of some crazy f\*cking shit” as a pre-teen.

Suggesting that he was abused himself by Spielberg as a child, but without spelling out the claim, Kappy says: “The situation had to punch me in the face before I realized I was in the middle of some crazy f\*cking shit.” Kappy also challenged Spielberg to sue him.

“Let’s do discovery,” Kappy said, in a direct challenge to the veteran director, claiming he knows so many of Spielberg’s secrets, that he would destroy the movie mogul in court during the discovery phase.

Tom Hanks to switch on repaired Large Hadron Collider

Tom Hanks, the actor and star of Forrest Gump, will turn on the Large Hadron Collider, designed to recreate the 'Big Bang', when it is finally repaired.

The machine is designed to simulate the "Big Bang", which started the universe 15 billion years ago, by smashing subatomic particles together at energies never before achieved.

Scientists hope this will help them find the answers to big questions, such as what causes mass and whether hidden dimensions exist in space.

There is also a possibility of tiny black holes being created in the Collider. Experts insist that if this happens, they will pose no threat.

The giant underground machine, the world's most powerful particle accelerator, suffered a catastrophic malfunction soon after being switched on amid a fanfare of publicity last September.

A faulty electrical connection led to a leak of super-cold helium causing damage estimated at £20 million to the device, operated by Cern, the European particle physics laboratory near Geneva.

As a result, 53 of the magnets used to accelerate subatomic particles around the machine's 17-mile circular tunnel underneath the Franco-Swiss border have had to be brought to the surface for repair or cleaning.

Cern's head of communications, James Gillies, confirmed that the facility would be delighted to have Hanks there to restart the collider, which organisers hope will take place in June.

Powerful, powerful stuff.

It seems the message is that he is telling people they are "on their own", now. It is not about the lid, but the word "solo" printed on the lid and combines with the worn 9 of clubs (or wands, in Tarot). Also, "the king has fallen"... reduced to weakest card in the deck.

**Abel Cain** @AbelCain2023 · 1h  
21 also equates to blackjack. A King and a Deuce would not be a good hand for the player as it only equates to 12. By posting 21, the message can be interpreted as "the house won". Immediate defeat.

NOVember is "ninth month" by old calendars.  
Suit is clubs - or "club"?  
Lid inscription "Caution contents hot" and word "SOLD"?  
Otherwise appears to be about blackjack. Hit on 12 + 9 = 21 a winning hand.  
9 of clubs has conflicting meanings if you look around. Here's one....

**9**  
Clubs - Mind - Communication - Intelligence  
Nine of Clubs Meaning: Mental Discord  
Karma for the Nine of Club - Transcending Negativity  
All NINE's need to transcend the intense challenges of their suit. The CLUB suit symbolizes the mind, and how we think. Thus the 9 of Club have difficulty letting go of negative thinking habits, and can suffer from mental laziness or procrastination.  
As a rule, these people are warm and friendly with a keen sense of obligation. They like to keep promises and pay their debts. Those who succumb to mental lethargy or negativity feel powerless to realize their true potential.  
The 9 of Club is known as the "Adventurer's Card". They like to gamble and are always willing to take a chance. They are intensely curious and when they apply
