Tom Hanks was arrested 4hrs ago for Pedophilia and he is currently being kept in a Hotel room in Australia refusing to fly back to USA. Next celebrity arrests will be Celine Dion, Madonna, Charley Barkley, Kevin Spacey - all will claim Corona virus infections.

Italy's airports have been completely shut down as over 80 of Vatican and financial officials have been served same criminal indictments for financial crime, pedophilia, child trafficking and sex abuse.

United Emirates have completed mass arrests of their own Royal Family & affiliates.

Convicted Hollywood rapist Harvey Weinstein agreed to a deal in exchange for his testimony against hundreds of top Hollywood celebrities and their involvement in the drug business, pedophilia and child trafficking. Instead of 55 year sentence, he only received 23y sentence. In exchange, he provided testimonies against some of the biggest & most powerful names including Prince Andrew of UK, former president Bill Clinton, former vice president Joe Biden, Tom Hanks, Oprah, Ellen DeGenerous, Quentin Tarantino, Charlie Sheen, Bob Saget, Kevin Spacey, John Travolta, Steven Spielberg, Podesta, NXIVM and PIZZAGATE sex trafficking clubs, and hundreds of more who all were directly involved with Jeffrey Epstein. CEOs of some major world corporations have been indicted/arrested and some forced to resign all in the last 30-60 days, such as CEO of NBA, Harley Davidson, Gates Foundation, Intel, McDonald's, Cesar Awards, Vatican Chief of Police, Disney..etc. Approximately 700-800 more resignations are coming in the next 3 months.

Lab-created Corona Virus is a cover up for mass mandatory vaccination agenda, as well a covert US Intelligence operation that the world has ever seen and this mass 158,000 arrest operation will remove & capture the biggest evil & corrupted politicians, celebrities and CEOs including global elites and bankers such as George Soros, UN officials, founders of GRETA INC.

Trump will win 2020 elections and arrests of former US presidents will occur in early 2021. All major arrests will be covered by media as an accident or conspiracy theory. All arrested individuals will be given "Rommel Death" meaning choice between suicide/accidental death in return for assurances that his/her reputation will remain intact, or face criminal trial that would result in public disgrace.

Some top religious leaders will be arrested or forced to resign, some will get "Sick" suddenly. Vatican will be the first and the Pope will be removed in 2020. Production of human extracted Adrenochrome will be revealed and Hollywood directors will be directly responsible for it.

California Governor Signs Law That Expunges Records of Former Inmates Who Fight Fires

BY ZACHARY STIEBER

September 12, 2020 Updated: September 12, 2020

CA Gov. Newsom Expunge Policy

California Gov. Gavin Newsom on Friday signed a law that enables former inmates to withdraw guilty pleas and get their records expunged.

The bill “will help give people opportunity and hope,” Newsom told reporters during a press conference outside of Oroville.

“And those are those prisoners that are out there, thousands of prisoners, that are on the frontlines, that are near the end of their time in prison, that are getting credits and want the opportunity, because of the training they’re receiving, once they’re out of the system, to be able to potentially join a workforce of which they’ve been trained and actively participated in heroic ways.”

The Democrat signed the bill, A.B. 2147, on a picnic table in the middle of a town where numerous buildings were destroyed by the North Complex Fire.

Some 3,100 inmates are currently working in California as firefighters and support staff through the state’s Conservation Camp Program.

The program gives inmates who volunteer entry-level training before sending them to fight fires. When not fighting fires, the teams perform conservation and community service projects like clearing brush and reforestation.

California Gov. Gavin Newsom signs Assembly Bill 2147 after he toured the North Complex Fire zone with California Secretary for Environmental Protection Jared Blumenfeld and California Secretary for Natural Resources Wade Crowfoot in Butte County outside of Oroville, Calif., on Sept. 11, 2020. According to the legislation, defendants who participate in the program, or similar programs on the county-level, and have been released from custody, can petition to withdraw guilty pleas or pleas of nolo contendere and enter a plea of not guilty.

“The bill would allow the court, if the defendant is eligible for relief, to dismiss the accusations or information against the defendant at the court’s discretion and in the interest of justice and would release the defendant from all penalties and disabilities resulting from the offense, except as provided,” it states.

Defendants convicted of violent felonies and sex offenses are ineligible for the new path.

The law was necessary because former prisoners struggled to obtain licenses and employment because of their criminal records, Newsom’s office said.

State law, for instance, allowed the barring of EMT certification to anyone who had been convicted of two or more felonies.

Nearly 200 occupations require licensing from one of 42 state government departments and agencies, according to the office of Assemblymember Eloise Reyes, a Democrat who introduced the legislation, which was passed by state lawmakers earlier this year.

“To correct is to right a wrong; to rehabilitate is to restore. Rehabilitation without strategies to ensure the formerly incarcerated have a career, is a pathway to recidivism. We must get serious about providing pathways

“To correct is to right a wrong; to rehabilitate is to restore. Rehabilitation without strategies to ensure the formerly incarcerated have a career, is a pathway to recidivism. We must get serious about providing pathways for those who show the determination and commitment to turn their lives around.”

Newsom acknowledged there were some who opposed the bill.

Peace Officers Research Association of California, which represents more than 77,000 public safety personnel in the state, was among the opposition.

“To fully expunge a felon’s record in exchange for this work is not warranted, is dangerous to the public, and fails to recognize the impact to the victims of the inmate’s crimes,” the group said in a recent statement.

A fire that has destroyed over 7,000 acres and forced the evacuation of 3,000 residents was caused by a "smoke generating" explosive used at a gender-reveal party, according to the California Department of Forestry and Fire Protection. "With the dry conditions and critical fire weather, it doesn't take much to start a wildfire. Those responsible for starting fires due to negligence or illegal activity can be held financially and criminally responsible," the statement said.

By the weekend, the family still hadn't found Donald, making him one of the dozens missing among the devastation. Schmidt Jones posted her brother's photo on Facebook constantly, hoping someone might have seen him. She wondered whether he may have found a ride out of the neighborhood and was now lost. The 55-year-old had a stroke about a year ago, she said, and had a brain tumor removed two years earlier.

She was holding out hope, she said Saturday morning, but was also aware of the odds. "It's been too long," she said. "Too many people are looking for him. Somebody would've seen him by now."

A few hours later she got the awful news — her brother had died in the fire.

On Saturday afternoon, sheriff's deputies arrived at her home and told her they had found her brother's remains in the flooring of his mobile home. "I begged them not to tell me he burned to death," she said. His German Shepherd, Roxy, was found on top of him, she said.

"She was protecting him," Schmidt Jones said.

When the fires closed in on Gates, Ore., last week, Ellen Flores fled the RV camp where she lives, driving about an hour west to the Oregon state fairgrounds in Salem.

Donald lived in a mobile home in Phoenix, a neighboring city. His wife left at the first sign of danger on Tuesday, before the evacuation order. Their roommate followed suit, leaving when black smoke filled the air and urging Donald to come along. But Donald refused, staying behind to keep watch with his dog, Roxy. Some of his neighbors had also stayed in their homes, and the U.S. Army veteran didn't want to leave them alone. "Donald was not one to leave any of them behind," Schmidt Jones said.

That night, Schmidt Jones's sister-in-law called to tell her that Donald was missing. And their mobile home community, along with hundreds of other homes and businesses across Talent and Phoenix, had been destroyed by the Almeda Fire.

An estimated 500,000 people in the state are now threatened by the wildfires, which have engulfed over a million acres. (Erin Patrick O'Connor, Jon Gerberg/The Washington Post)

Cynthia Schmidt Jones hasn't slept in four nights, not since she fled her home in Talent, Ore., before "the fire ripped through like a tornado."

She hasn't slept, she said, since she last heard from someone who saw her brother, Donald.

"Tyranny, like hell, is not easily conquered; yet we have this consolation with us, that the harder the conflict, the more glorious the triumph." — Thomas Paine, The American Crisis
