"The story I'm about to tell you is true.

Perhaps the most intriguing part of this story is that every single person reading this post - every single one of you - was alive when this story became news in 2004.

That fact is intriguing because everyone reading this post has either never heard this story, or forgot about it (I'm betting on the first one, because it is truly unforgettable).

Furthermore, once you hear this story in its entirety, I can promise it will be seared into your memory forever.

Our main character is a man named Marc Dutroux. He was born in Belgium in 1956. He was twice convicted of kidnapping and raping underage children. The first time was in 1989. The second time occurred in 1996.

That was not a typo - you read that correctly. He was convicted and served a (much too brief) sentence in 1998. He served only 3 and a half years of his 13 year sentence because he was released for good behavior. Less than 10 years later, he was arrested again on the same charges (different victims).

In the second round of charges, he was convicted of kidnapping, torturing and abusing victims, some of them to the point of death.

What I am about to tell you comes from the statements made by his surviving victims (called the X Files), Marc

-She was 6 years old when she was forced to participate in her first orgy, which included wearing an iron dog collar and eating human excrement.

-She would actually be delivered back to her parents from time to time. However, her parents themselves were complicit in the crimes and always sent her back to her abusers.

-Torture included being strapped to a butchers block used to execute other children. Other victims were forced to torture her for hours as part of their initiation.

-She was considered attractive and that made her preferred by her abusers. She claimed that she tried to use that to her survival advantage to the best of her ability, but by the age of eleven, she had become so broken that she was slated to be executed and disposed of.

-She said she was saved when one of her abusers negotiated for her freedom. That abuser would later sit as a defendant in the trial.

Other witnesses and victims would soon come forward, describing such things as "Black Masses," with child and adult sacrifices taking place in front of observers and participants, which included prominent politicians and figures. This would be corroborated by a note found by police at the house belonging to Bernard Weinstein—a man who previously worked with Dutroux, but whom Dutroux had murdered. The letter contained very specific requests for certain types of victims for satanic sacrifices.

The letter was signed by a man who called himself 'Anubis'. It turned out 'Anubis' was the high priest of a satanic cult called 'Abraxax' whose real name was Francis Desmet. Police obtained a warrant and seized computers, documents, mail, actual human skulls, jars of blood, and all sorts of Satanic items - but none of this was enough to make an arrest.

## JEFFREY EPSTEIN AND MARC DUTROUX GLOBAL SATANIC PEDOPHILE TRAFFICKING RING

made by his surviving victims (called the X Files), Marc Dutroux himself, and evidence from law enforcement. I've also added references/citations at the very end of this post.

Here we go.

Marc confessed to kidnapping, raping, drugging, torturing and filming children for many years. He also claimed he was doing it at the behest of a political elite who financed his career as a professional trafficker.

Not only did this political elite finance his efforts - they made specific requests of him. Sometimes they requested specific types of children (they were called "party favors" and he was asked to deliver kids of certain age, sex, race). Sometimes they requested specific means of torturing the children to fulfill their desires (orgies, satanic rituals involving sacrifices, torture games).

And sometimes they requested he film certain influential people engaged in these acts, for later use as blackmail.

He claimed many of his customers and financiers were world leaders. This was not a stretch of the imagination because he lived in Belgium, where the EU and NATO headquarters were located. This statement was also corroborated by victims who were able to identify specific politicians.

Anneke Lucas was one of his victims who testified against him. She claimed she was 6 years old when the cleaning lady hired by her mother sold her to the pedophile network in 1969. Her claims were extraordinary:

-She was raped over seventeen hundred hours before turning 12 years old.

As the Dutroux trial went public, other victims stepped forward and confirmed the testimony, offering up descriptions of sexual abuse and human sacrifice.

They also described "hunting parties" where elites would release naked children into the woods to hide, so that the elites themselves could hunt them down and slaughter them. Many of the stories from victims contained so many similarities, they were impossible to deny. For example, the hunting parties were often held at castles, where victims could not escape and were hidden from the public eye. Those not killed in the hunt were usually chased down and mauled/killed by Dobermans.

All of these victims echoed the testimonies of other, older survivors of ritual Satanic abuse from around the world.

It is also notable that Dutroux owned 10 homes valued at 6 million dollars.

It is also notable that Dutroux was not employed.

It is also notable that Dutroux received \$1,200 per month in public assistance.

It is also notable that documents released by Wikileaks show large sums of money in various currencies were deposited into his wife's bank account.

It is also notable that those deposits coincided with reported kidnappings and missing children reports.

It is also notable that before his removal, judge Jean-Marc Connerotte was on the verge of publicly disclosing the names of high level government officials who had been

being involved in this satanic horror show isn't so far fetched after all.

Suddenly its not so crazy to say that world agencies who claim to stop these crimes (WHO, UN) are actually facades that cover up the real work of procuring and enabling - yes, even participating - in these crimes.

Suddenly the whole house of cards comes crashing down.

With this one case, all the unbelievers are silenced.

For crying out loud, this trial was in 2004! Did you remember it? If not, do you wonder why it was not front page news across the world?

And if you're asking yourself HOW DO THESE PEOPLE GET AWAY WITH THIS - have you not yet figured out that the very people who are supposed to end it, are doing it?

Most everyone has watched an Epstein documentary on Netflix - I think there's been maybe 3 or 4 made since his death. And the one thing I heard people say over and over and over again was this: "Where is Epstein's girlfriend and why hasn't she been arrested yet?"

Did anyone asking that question even try to find the answer? Or did you just shrug your shoulders and say, "Well, it is what it is and there's nothing I can do about it" and go on with your life?

Let me help you out.

Did you hear the news story from two weeks ago that President Trump fired federal prosecutor Geoffrey Berman? He was the prosecutor in charge of the Epstein case.

## TAKE A DEEP BREATH BEFORE READING THIS. NOTE THE RED SHOES ON THE CHILDREN IN THE PICTURES.

recognized on video-tapes of sexual torture that took place in Dutroux's dungeon.

It is also notable that 20 potential witnesses for this case have died without explanation.

Does any of this sound familiar?

Are there any headlines today that sound like history is repeating itself?

Guys, not one single thing in this post is theory. It's all proven and on record.

You see the pictures attached to this post? Those are images of hunting games. They're paintings that people like Tony Podesta buy, and hang in his home, and invite others over to enjoy.

We all know Epstein was a sick SOB who had friends in high places - the same friends that hang out with Tony Podesta.

You think Epstein was the only one? That he's somehow unique? Or was he the low level one they were willing to sacrifice to protect everyone else involved at a higher level?

Do you realize now that when it comes to trafficking, satanism, pedophilia, human sacrifices, organ harvesting, adrenochrome - that it is art imitating life? That these people who are so obsessed with the art that glorifies these things might actually, themselves, be engaged in these things?

Do you think normal, non-pedo, non-cannibal, average Joes would hang that garbage up in their homes?

Suddenly the claims that world leaders and governments

AG Barr requested Berman step down, and Berman refused. So Trump fired him and Berman was replaced with prosecutor Audrey Strauss. And then suddenly BAM! Maxwell is in custody.

You now get a front row seat for the horror show that is about to come out.

You will not believe who is involved and how deep it goes. And you will not believe the lengths they'll go to in order to protect their secrets.

# Apart from words, little-to-nothing is done by French Catholic Church to protect kids, sexual abuse survivors tell RT

6 Nov, 2021 13:57

The French Catholic Church must move beyond apologies and admissions of guilt to truly protect children and compensate victims, sexual abuse survivors told RT.

On Friday, the influential Bishops' Conference of France (CEF) recognized that the Church bore "institutional responsibility" for scores of child abuse cases within its ranks.

The statement came a month after an independent inquiry led by former Council of State Vice President Jean-Marc Sauve estimated that 216,000 children were abused by priests, deacons and other religious workers between 1950 and 2020.

The Church in Spain has not explained why it is refusing to hold a comprehensive investigation, saying only it has put in place protocols to manage allegations of abuses by its clergy.

- No accountability -

For Garcia Salmones, memories of abuse still haunt him today.

"I was studying at the Claretian School of Madrid, I was 14 and one day, the priest jumped on me and continued abusing me every day for practically a whole year," he said.

On one occasion, he was "abused by the priest and another person who came into the room", leading him to conclude that the school "knew what was happening and protected" his abuser.

## EU rights court rejects sex abuse case against Vatican, cites immunity of 'sovereign' states

The ruling came as the Church is reeling from a scathing French report that found "massive" child sex assaults by clergy since 1950, with an estimated 216,000 abused minors.

Victims' advocates have demanded reparations and prosecutions, and Pope Francis – who has vowed to end impunity for abusive priests – expressed his "shame" over the independent French report released last week.

But the ECHR ruling found that 24 alleged French, Belgian and Dutch victims could not demand prosecution against the Vatican and compensation for what they deemed a "policy of silence" on the issue of sexual abuse.

## Pope Immunity: Vatican Will Protect Benedict From Sexual Abuse Prosecution

REUTERS Reuters

(Reuters) - Pope Benedict's decision to live in the Vatican after he resigns will provide him with security and privacy. It will also offer legal protection from any attempt to prosecute him in connection with sexual abuse cases around the world, Church sources and legal experts say.
